

EUROTUBI

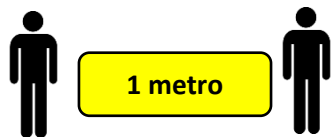

DRIVERS' RULES

COVID - 19

Drivers must wear **mask and gloves** during the permanence in Eurotubi.

Drivers must **stay at least at 1 meter of distance** from any person.

It's recommended to **wash your hands frequently** with water and soap or with sanitizing gel.

Drivers must **stay always in the truck cab**.

If drivers have to cooperate for working requirements with Eurotubi operators for loading or unloading, they must wear **mask and gloves** and always **stay at least at 1 meter of distance** from other people.

The drivers **must use their exclusive bathroom**. This bathroom is sanitizing daily. Responsible will indicate you it.

Drivers can use the automatic food and beverage machine placed inside production area. Ask to responsible.

Before go to the machine, make sure there's no other people who're using it.

Before use the pushbutton panel to select the food or beverage you want, **hygenize your hands and the button panel with alcohol** placed near the machine and **hygenize again the hands**.
